CONFERENCES BETWEEN HOUSE

MITTEES

CONSIDERABLE SENTIMENT RE-
VEALED ALONG LINE
INDICATED

(By United Press)
St. Paul, April 15.—If the bill for
reorganization of the state govern-
ment becomes law the state board of
control will be at least partially ex-
cepted from its provisions, it was in-
dicated today.

Initial conference between house
and senate committees trying to com-
promise differences between the two
legislative bodies revealed consid-
erable sentiment along that line. House
members appeared to back down
from their original stand that the re-
organization bill should be enacted
as passed by the house. Today house
conferees submitted a compromise
proposal to the senate committee
which would partially remove the
board of control from the provisions
of the measure. As the bill was
passed by the senate the board was
entirely removed except as to its bud-
get.

Senator A. J. Rockne is leading the
fight to exclude the board of control
from the provisions of the bill.

PLEADS NOT GUILTY TO LIBEL CHARGE

CHARGE BROUGHT BY MAGNUS
JOHNSON AGAINST A. N.
JACOBS

(By United Press)
Minneapolis, April 15.—A. N.
Jacobs today pleaded not guilty to
charges of having libeled former
Senator Magnus Johnson. A prelimi-
nary hearing on Johnson's suit
against Jacobs, campaign manager
for U. S. Senator Thomas D. Schall,
for alleged libel was before Municipal
Judge F. M. Nye today. The case
will come to trial in Hennepin coun-
ty district court on Monday.

On April 7th former Senator John-
son had a warrant sworn out for the
arrest of Jacobs. He was arraigned,
but later released. The Johnson bill
of particulars charges specifically
that Jacobs as editor of "Scandal—
the Naked Truth," printed a story
setting forth that on May 7th in
1923 while a candidate for the sen-
ate, Johnson was arrested, convicted
after pleading guilty and fined for
being drunk and for disorderly con-
duct in Minneapolis. The magazine
referred to was under date of May,
1925, published by the Marquette
Publishing Company, Minneapolis,
Vol. 1, No. 1. According to Floyd
Olson, Hennepin county attorney,
Jacobs has admitted that he was
editor of "Scandal—the Naked Truth,"
in which the alleged libelous state-
ments are said to have been printed.
The Johnson forces this morning in-
timated that next Monday when the
case comes for trial they will produce
the subject of the pictures whose
identity was confounded with that of
Johnson. It was this mistaken iden-
tity, according to the Johnson forces,
out of which the alleged libelous
matter is supposed to have had its
origin.

Mob Threatens Nurse Who Poisoned 6 Patients

Paris, April 15.—A lynching was
narrowly averted in the town of St.
Gilles when a nurse named Scierri
confessed poisoning six patients who
have died suddenly and mysteriously
within the last five months.

The nurse, it is said, is suffering
from homicidal mania. The nurse
made a complete confession after the
death of her sixth patient and was
hurried to the jail at Nîmes to avert
the danger of mob violence.

EFFORTS MADE TO HAVE HINDENBURG DROP CANDIDACY

(By United Press)
London, April 15.—Strenuous
efforts are being made behind the
scenes in Germany to persuade
former Field Marshal von Hinden-
burg to renounce his candidacy for
the German presidency, the Daily
Telegraph learned today.

Patriotic grounds of expedi-
ency to dispel the distrust which the
mere mention of Hindenburg's
candidacy aroused in allied coun-
tries are being urged upon the
German world war hero, the news-
paper said.

X-RAY NEGATIVE OF HUMAN HAND SENT BY WIRE

DEMONSTRATION MADE BY AM-
ERICAN TELEPHONE & TELE-
GRAPH CO.

WILL BE USEFUL TO MAKE A
DISTANT DIAG-
NOSIS

(By United Press)
Chicago, April 15.—An X-Ray
negative of a person's hand was sent
here today by wire from New York.
The demonstration, made by the
American Telephone and Telegraph
Company, shows that the day is at
hand when an X-ray diagnosis of an
injury or ailment by specialists at
great distances from the patient can
be made.

The picture of the left hand showing
in detail the bone structure and
a ring on the third finger was sent
from the New York Telephone Com-
pany's office and received at the of-
fice of the Victor X-ray Corporation
here just seven minutes later.

According to specialists, the nega-
tive was as clear and distinct as the
average plate and could readily be
used for diagnosis purposes.

VAST FLEET TO SAIL FOR HAWAII

U. S. ARMADA WILL LEAVE SAN
FRANCISCO TODAY FOR
MANEUVERS

San Francisco, April 15.—The ad-
vance vessel of America's navy left
yesterday afternoon for the scene of
"war" in Hawaiian waters.

The fleet flagship Seattle, bearing
Admiral Robert E. Coontz, Major
General John L. Hines, chief-of-staff
of the army, umpires of the approach-
ing maneuvers, a group of newspaper
publishers and press correspondents
sailed at 2 p. m. yesterday.

Today the grand exodus will begin,
with war craft of every description
steaming through the Golden Gate.
Admiral S. S. Robison, commander
of the battle fleet, will be aboard his
flagship, the California. After the
bay is cleared the admiral will collect
and realign his craft, open sealed
orders from Washington detailing
the attack and the greatest war game
in the nation's history will be under
way.

San Francisco's reception to the
45,000 officers and men of the fleet
ends today.

Championship baseball games and
an entertainment last night wound
up the festivities for the sailors.

Osseo, Wis., April 15.—Lincoln
Halvorson, instructor and athletic
director at the high school here, was
seriously injured late yesterday af-
ternoon when a discus, hurled by
James Steen, member of the track
team, struck him on the head. A
deep gash was cut in Halvorson's
scalp and it is feared his skull may
be fractured.

PAINLEVE AIDS IN FORMING NEW FRENCH CABINET

DOUMERGUE APPEALS TO PAIN-
LEVE TO BECOME
PREMIER

LATTER HAD A TWO HOUR CON-
FERENCE WITH SOCIALIST
LEADERS

(By United Press)
Paris, April 15.—Paul Painleve,
president of the chamber of deputies
will advise President Doumergue late
this afternoon whether he is able to
form a new cabinet.

Painleve was again appealed to by
Doumergue to accept the premiership
when the ministerial crisis late yes-
terday was found sharpening by fail-
ure of M. Briand to effect the co-
operation of the socialists.

Painleve had a two-hour confer-
ence with the socialist leaders today.

SENSATION ENSUES
AS CAILLAUX IS CALLED

Paris, April 15.—A sensation was
caused this evening when Painleve
in the course of forming his cabinet,
called in Joseph Caillaux.

The former premier, who was con-
victed of dealing with the enemy and
exiled, has had his political rights
restored only within the past few
months. He is regarded as the great-
est financial genius in France, but
his return to a cabinet post would be
the subject of bitter attack by the
parties of the right. Caillaux con-
sulted with Painleve, but his appoint-
ment to the post of minister of fi-
nance, obviously the choice if he is to
join the cabinet, was uncertain.

MURDER OF 26 EXECUTED ON GUILLOTINE

LAST MEAL CARRIED EXPENSIVE
CIGARS AND BRAZILIAN
COFFEE

"I REPENT, BUT DO NOT FEAR
DEATH," SAID FRITZ
HAARMANN

(By United Press)
Hanover, Germany, April 15.—
Fritz Haarmann, who murdered 26
youths, was executed on the guil-
lotine at 6 a. m. today. The most
expensive cigar and the finest Brazil-
ian coffee obtainable were the two
last requests of this strange murder-
er who then walked with steady
footsteps to the scaffold.

"I repent," said Haarmann at the
end, adding quickly, "but I do not
fear death."

In accordance with the German
custom, Haarmann was not inform-
ed until Tuesday evening that he
was to die this morning. The news-
papers were not advised.

The murderer, whose trial was a
world-wide sensation because of its
revolting details, was granted a last
request and told his jailers that if
he could have cigars and coffee of
the finest quality he would be happy.
Haarmann confessed to luring
youths to a hotel in a dark Hanover
side street near the river where he
confined his victims and killed them
by tearing their throats with his
sharp teeth and drinking their blood.
Hans Grans, who acted as procurer
of Haarmann's victims, was found
guilty as an accomplice. Grans and
Haarmann sold the clothing of the
youths.

Only a few official witnesses were
present at dawn when the murderer
met his death. Newspaper corres-
pondents were excluded. Haarmann
consulted his pastor during the night.
The guillotine was used for the exe-
cution instead of the hand axe which
is customary elsewhere in Germany.

AMATEUR BURGLARS ROB TRACY HIGH SCHOOL OF \$6

(By United Press)
Tracy, Minn., April 15.—Amat-
eur burglars knocked the dial off
the safe in the high school office
here last night and took \$6 in
money belonging to teachers and
pupils.

R. R. Sorenson, superintendent
of schools, said no trace of the
robbers had been found, but asked
the St. Paul police to send a Ber-
tillon man here to try to obtain
finger prints. It is believed some
"bad boys" did the job and school
officials are anxious to apprehend
them. Damage to school property
amounted to far more than the
loot.

IF DECLARED SANE, TO ANSWER MURDER CHARGE

MRS. ANNA CUNNINGHAM TO BE
CHARGED WITH KILLING 5
OF FAMILY

WOMAN COLLAPSED YESTERDAY,
ILLNESS MAY BE FICTI-
TIOUS

(By United Press)
Gary, Ind., April 15.—Mrs. Anna
Cunningham, 50, will be tried on the
charge of killing her husband and
four children if she is proven sane,
August Bretner, state's attorney, de-
clared today. Mrs. Cunningham is
in the jail at Crown Point near here
apparently too ill to stand the trip
to Gary. The woman collapsed yes-
terday and Bretner said he was not
certain whether the illness was genu-
ine or fictitious. Bretner said he
would have physicians and alienists
visit the woman at Crown Point if it
is found advisable to bring her here.
Friends of the woman say she is an
epileptic.

"If we find she is insane she will
be imprisoned on a warrant charging
insanity," Bretner said.

Evidence of arsenical poisoning
has been found in the organs of Wal-
ter and Harry, two of the woman's
sons. Dr. William D. McNally, cor-
oner's chemist at Chicago, announced
definite traces of arsenic, but it will
take a few days to determine the ex-
act amount in the organs. Other
parts of the bodies were sent to Pur-
due University for examination. The
other three bodies will be exhumed
if necessary, officials said. Two boxes
of arsenic were found in the Cun-
ningham home. The woman said
she purchased the poison for spray-
ing plants.

FIRES IN THE BRAINERD AREA

GROVER M. CONZET, STATE FOR-
ESTER, REVIEWS CONDI-
TIONS

(By United Press)
St. Paul, April 15.—There are
many small forest fires in the vicin-
ity of Brainerd, Grover M. Conzet,
state forester, reported on his return
from Duluth and Brainerd today.

They are not serious, he said. No
settlers have been burned out though
in some instances the areas covered
by the fire was 200 acres. Already
the full crew of forest fire men is at
work, the first time in years that the
full crew has been engaged so early
in the season.

All students in the University of Ore-
gon who fail to pass an entrance ex-
amination in English are required to
take a course in English usage, with-
out credit, until excused by the in-
structor.

NEW POSTAL RATES EFFECTIVE, DETAILS NOTED

MATTER FROM SMALLEST POST-
CARD TO BIGGEST POST
BUNDLE TOUCHED

REGISTRY RATES ADVANCED ON
ALL LETTERS, RETURN
RECEIPTS CHARGED

(By United Press)
Washington, April 15.—Many pos-
tal rates founded by congress went
into effect today. From the smallest
postcard to the biggest parcel post
bundle new charges were imposed.
In most cases, but not all, they were
increased.

First class mail is affected only in
the case of private mailing cards, in-
cluding souvenir postcards, for which
the rate was advanced from one to
two cents. Government postcards re-
main at one cent.

Registry rates advanced from ten
to fifteen cents on all letters, and a
new charge of three cents is levied
for return receipts for which there
has been no charge until now. The
increased registry charge, however,
does not apply to mail destined for
foreign countries.

Special delivery service charges
will remain at ten cents for all let-
ters and packages weighing less than
two pounds but from two to ten
pounds, the charge will be fifteen
cents and matter over ten pounds
twenty cents.

Newspapers, magazines and other
periodicals comprising second class
mail sustain increases so far as the
general mailing public is concerned
from one cent for 4 ounces to two
cents for each 2 ounces up to 8
ounces.

TOURISTS MUST PUT OUT THEIR CAMP FIRES

OR CARELESSNESS WILL DRAW
GOVERNMENT PROSECU-
TION

U. S. DISTRICT ATTY. FRENCH
MAKES THE ANNOUNCE-
MENT

(By United Press)
Duluth, Minn., April 15.—Tourists
who fail to extinguish camp fires
must answer to the government for
the damage they do, Lafayette
French, Jr., United States district
attorney, declared today.

He filed suit in federal court here
against J. F. Riddell and Glen Shields
of Virginia, who are alleged to have
started a camp fire in the Superior
National Forest, one of the beauty
spots of America, and failed to put
it out. It cost the government \$135
in labor and materials to extinguish
it, and the government brought suit
against them for the amount, plus
6 per cent interest to date.

Judge W. A. Cant will hear the
case at the July term of court.

80-Year-Old Bowler Sets Wisconsin Pin Record

Lake Mills, Wis., April 15.—The
bowling record in southern Wiscon-
sin for the 1924-25 season has been
set by an 80-year-old Civil War vet-
eran, Frank Foote of this city. Mr.
Foote hit 703 this week. He is a
great lover of the game and hits an
average game which makes many a
young fellow envious.

"Politicians say William Jennings
Bryan is going once again to be the
dictator of the Democratic party," ob-
serves a contemporary. Its under-
taker, more likely.

CANADIAN PACIFIC LINER MONTLAURIER AFIRE IN DRY DOCK

(By United Press)
Liverpool, Eng., April 15.—The
17,000-ton Canadian Pacific liner
Montlaurier is afire in the dry
docks here.

The steamship's foredecks have
been completely destroyed and the
flames, which were fanned by a
high wind, are spreading below
deck. Damage already amounts
to more than 50,000 pounds. A
dozen fire brigades fought the
flames and one fireman was seri-
ously gassed.

WOMEN'S WORLD FAIR OPENED IN CHICAGO

WILL SHOW MEN REAL MEAN-
ING OF PROG-
RESS

WOMEN ARE IN EVERY ACTIVITY
FROM PLUMBING TO
POLITICS

(By United Press)
Chicago, April 15.—Hundreds of
women are arriving here from all
parts of the country to show men
the real meaning of progress. They
will present evidence to show that
no business, profession or industry
is sacred to men for the women have
invaded nearly every one.

When Mrs. Calvin Coolidge presses
a button in the White House Satur-
day she will throw open the Women's
World Fair here, the greatest of its
kind in history.

"Women are engaged in every ac-
tivity which man has succeeded in
from plumbing and banking to pol-
itics, the arts and sciences," Miss
Helen Bennett, secretary of the fair,
said.

Jane Magan, plumber of Chicago,
will rub shoulders with Gov. Nellie
Taylor Ross of Wyoming, while Mrs.
M. S. Bennett, Chicago manufactur-
er, will show just how she was able
to build up her business against the
strenuous competition of men.

NON-UNION COAL MINERS ATTACKED

EIGHT WOMEN AND SIX MEN
ARRESTED AT MORGAN-
TOWN, W. VA.

(By United Press)
Morgantown, W. Va., April 15.—
Eight women and six men were ar-
rested by state police following an
attack on non-union coal miners
near here today. Police said the
men and women attacked the non-
union workers with sticks, stones
and red pepper as they were chang-
ing shifts in the mine of the Rosedale
Coal Company. Quick action of
state police was said to have pre-
vented a serious outbreak.

Formal Ratification of Russo-Japanese Treaty Expected Today

Tokio, April 15.—The Japanese
have taught cormorants to fish for
them. Rings around the necks of
the birds prevent them from swal-
lowing the fish they catch in the sea
glades. The fishermen control the
birds with long cords.

BULGAR MONARCH LEADS CHASE TO CAPTURE OUTLAWS

TWO OF HIS MAJESTY'S PARTY
FELL DEAD IN VOLLEY
FIRED

ROYAL CHAUFFEUR SLUMPED
OVER WHEEL OF CAR, BAD-
LY WOUNDED

(By United Press)
Sofia, April 15.—Loyal troops to-
day scoured the countryside around
Sofia seeking six assassins who am-
bushed King Boris while the Bulgar
monarch was motoring to the capital
yesterday.

Two of his Majesty's men fell dead
in the volley and the royal chauffeur
slumped over the wheel badly
wounded, while a part of King Boris'
mustache was clipped away by a bul-
let.

The king leaped from the automo-
bile and lead an attack on the as-
sassin who escaped.

The ambush was laid between
Sofia and the town of Orhanie. A
hail of fire came without warning
from some bushes at the roadside and
bullets spat all about the King, who
himself stopped the royal automobile
as the chauffeur fell wounded. Boris,
revolver in hand, lead pursuit of the
assassins until Orhanie was reached
and then dispatched troops to find
them.

TO NAME FIXED DATE FOR EASTER

U. S. DELEGATE WILL BOOST THE
CALENDAR REFORM AT THE
BRUSSELS MEETING

Washington, April 15.—Religion
must give way to business. Easter
hereafter must occur on a fixed date
like Christmas and the Fourth of
July.

So announces the United States
Chamber of Commerce in reviewing
its plans for conferences with busi-
ness men of all countries at the In-
ternational Chamber of Commerce
meeting in Brussels this year June
21 to 27.

Willis H. Booth, Los Angeles bank-
er and president of the International
Chamber of Commerce, is a member
of the league of nations committee
of inquiry into the reform of the
calendar. He has been able, it is
said, to persuade the league commit-
tee that fixing a date for Easter is
the logical first step in reforming
the calendar.

Two hundred American business
men, bankers and financiers, econo-
mists and industrialists, will attend
the Brussels meeting. At a similar
meeting in Rome two years ago, the
United States Chamber of Commerce
points out, the principles underlying
the Dawes plan were adopted. This
year the Dawes plan, and more of it,
will be discussed as well as a report
to be made on world economic con-
ditions by Owen D. Young of the
Dawes commission and other econo-
mists of this and other countries.

Double taxation, whereby the same
income or property is taxed in two
countries, and ways of ending this
unpleasantness will be considered,
also ways and means of increasing
the international use of checks; pro-
tection of designs, trademarks and
patents; motor transportation and
highway development; commercial
aviation; maritime transport and
flag discrimination.

London, April 15.—John Singer
Sargent, the famous painter, died
here today.

The portrait painter suffered a
stroke at 3 a. m. at his home in Chel-
sea on the Thames and died a few
hours later.

money belonging to teachers and
pupils.

R. R. Sorenson, superintendent
of schools, said no trace of the
robbers had been found, but asked
the St. Paul police to send a Ber-
tillon man here to try to obtain
finger prints. It is believed some
"bad boys" did the job and school
officials are anxious to apprehend
them. Damage to school property
amounted to far more than the
loot.

IF DECLARED SANE, TO ANSWER MURDER CHARGE

MRS. ANNA CUNNINGHAM TO BE
CHARGED WITH KILLING 5
OF FAMILY

WOMAN COLLAPSED YESTERDAY,
ILLNESS MAY BE FICTI-
TIOUS

(By United Press)
Gary, Ind., April 15.—Mrs. Anna
Cunningham, 50, will be tried on the
charge of killing her husband and
four children if she is proven sane,
August Bretner, state's attorney, de-
clared today. Mrs. Cunningham is
in the jail at Crown Point near here
apparently too ill to stand the trip
to Gary. The woman collapsed yes-
terday and Bretner said he was not
certain whether the illness was genu-
ine or fictitious. Bretner said he
would have physicians and alienists
visit the woman at Crown Point if it
is found advisable to bring her here.
Friends of the woman say she is an
epileptic.

"If we find she is insane she will
be imprisoned on a warrant charging
insanity," Bretner said.

Evidence of arsenical poisoning
has been found in the organs of Wal-
ter and Harry, two of the woman's
sons. Dr. William D. McNally, cor-
oner's chemist at Chicago, announced
definite traces of arsenic, but it will
take a few days to determine the ex-
act amount in the organs. Other
parts of the bodies were sent to Pur-
due University for examination. The
other three bodies will be exhumed
if necessary, officials said. Two boxes
of arsenic were found in the Cun-
ningham home. The woman said
she purchased the poison for spray-
ing plants.

FIRES IN THE BRAINERD AREA

GROVER M. CONZET, STATE FOR-
ESTER, REVIEWS CONDI-
TIONS

(By United Press)
St. Paul, April 15.—There are
many small forest fires in the vicin-
ity of Brainerd, Grover M. Conzet,
state forester, reported on his return
from Duluth and Brainerd today.

They are not serious, he said. No
settlers have been burned out though
in some instances the areas covered
by the fire was 200 acres. Already
the full crew of forest fire men is at
work, the first time in years that the
full crew has been engaged so early
in the season.

All students in the University of Ore-
gon who fail to pass an entrance ex-
amination in English are required to
take a course in English usage, with-
out credit, until excused by the in-
structor.

NEW POSTAL RATES EFFECTIVE, DETAILS NOTED

MATTER FROM SMALLEST POST-
CARD TO BIGGEST POST
BUNDLE TOUCHED

REGISTRY RATES ADVANCED ON
ALL LETTERS, RETURN
RECEIPTS CHARGED

(By United Press)
Washington, April 15.—Many pos-
tal rates founded by congress went
into effect today. From the smallest
postcard to the biggest parcel post
bundle new charges were imposed.
In most cases, but not all, they were
increased.

First class mail is affected only in
the case of private mailing cards, in-
cluding souvenir postcards, for which
the rate was advanced from one to
two cents. Government postcards re-
main at one cent.

Registry rates advanced from ten
to fifteen cents on all letters, and a
new charge of three cents is levied
for return receipts for which there
has been no charge until now. The
increased registry charge, however,
does not apply to mail destined for
foreign countries.

Special delivery service charges
will remain at ten cents for all let-
ters and packages weighing less than
two pounds but from two to ten
pounds, the charge will be fifteen
cents and matter over ten pounds
twenty cents.

Newspapers, magazines and other
periodicals comprising second class
mail sustain increases no far as the
general mailing public is concerned
from one cent for 4 ounces to two
cents for each 2 ounces up to 8
ounces.

TOURISTS MUST PUT OUT THEIR CAMP FIRES

OR CARELESSNESS WILL DRAW
GOVERNMENT PROSECU-
TION

U. S. DISTRICT ATTY. FRENCH
MAKES THE ANNOUNCE-
MENT

(By United Press)
Duluth, Minn., April 15.—Tourists
who fail to extinguish camp fires
must answer to the government for
the damage they do, Lafayette
French, Jr., United States district
attorney, declared today.

He filed suit in federal court here
against J. F. Riddell and Glen Shields
of Virginia, who are alleged to have
started a camp fire in the Superior
National Forest, one of the beauty
spots of America, and failed to put
it out. It cost the government \$125
in labor and materials to extinguish
it, and the government brought suit
against them for the amount, plus
6 per cent interest to date.

Judge W. A. Cant will hear the
case at the July term of court.

80-Year-Old Bowler Sets Wisconsin Pin Record

Lake Mills, Wis., April 15.—The
bowling record in southern Wiscon-
sin for the 1924-25 season has been
set by an 80-year-old Civil War vet-
eran, Frank Foote of this city. Mr.
Foote hit 703 this week. He is a
great lover of the game and hits an
average game which makes many a
young fellow envious.

"Politicians say William Jennings
Bryan is going once again to be the
dictator of the Democratic party," ob-
serves a contemporary. Its under-
taker, more likely.

CANADIAN PACIFIC LINER MONTLAURIER AFIRE IN DRY DOCK

(By United Press)
Liverpool, Eng., April 15.—The
17,000-ton Canadian Pacific liner
Montlaurier is afire in the dry
docks here.

The steamship's foredecks have
been completely destroyed and the
flames, which were fanned by a
high wind, are spreading below
deck. Damage already amounts
to more than 50,000 pounds. A
dozen fire brigades fought the
flames and one fireman was seri-
ously gassed.

WOMEN'S WORLD FAIR OPENED IN CHICAGO

WILL SHOW MEN REAL MEAN-
ING OF PROG-
RESS

WOMEN ARE IN EVERY ACTIVITY
FROM PLUMBING TO
POLITICS

(By United Press)
Chicago, April 15.—Hundreds of
women are arriving here from all
parts of the country to show men
the real meaning of progress. They
will present evidence to show that
no business, profession or industry
is sacred to men for the women have
invaded nearly every one.

When Mrs. Calvin Coolidge presses
a button in the White House Satur-
day she will throw open the Women's
World Fair here, the greatest of its
kind in history.

"Women are engaged in every ac-
tivity which man has succeeded in
from plumbing and banking to polit-
ics, the arts and sciences," Miss
Helen Bennett, secretary of the fair,
said.

Jane Magan, plumber of Chicago,
will rub shoulders with Gov. Nellie
Taylor Ross of Wyoming, while Mrs.
M. S. Bennett, Chicago manufacturer,
will show just how she was able
to build up her business against the
strenuous competition of men.

NON-UNION COAL MINERS ATTACKED

EIGHT WOMEN AND SIX MEN
ARRESTED AT MORGAN-
TOWN, W. VA.

(By United Press)
Morgantown, W. Va., April 15.—
Eight women and six men were ar-
rested by state police following an
attack on non-union coal miners
near here today. Police said the
men and women attacked the non-
union workers with sticks, stones
and red pepper as they were chang-
ing shifts in the mine of the Rosedale
Coal Company. Quick action of
state police was said to have pre-
vented a serious outbreak.

Formal Ratification of Russo-Japanese Treaty Expected Today

(By United Press)
Peking, China, April 15.—Formal
papers of ratification of the new Rus-
so-Japanese treaty were "expected
here today by the Soviet Embassy
and the Japanese Legation.

Fishing Birds

Tokio, April 15.—The Japanese
have taught cormorants to fish for
them. Rings around the necks of
the birds prevent them from swal-
lowing the fish they catch in the sea-
glades. The fishermen control the
birds with long cords.

BULGAR MONARCH LEADS CHASE TO CAPTURE OUTLAWS

TWO OF HIS MAJESTY'S PARTY
FELL DEAD IN VOLLEY
FIRED

ROYAL CHAUFFEUR SLUMPED
OVER WHEEL OF CAR, BAD-
LY WOUNDED

(By United Press)
Sofia, April 15.—Loyal troops to-
day scoured the countryside around
Sofia seeking six assassins who am-
bushed King Boris while the Bulgar
monarch was motoring to the capital
yesterday.

Two of his Majesty's men fell dead
in the volley and the royal chauffeur
slumped over the wheel badly
wounded, while a part of King Boris'
moustache was clipped away by a bul-
let.

The king leaped from the automo-
bile and lead an attack on the as-
sassin who escaped.

The ambush was laid between
Sofia and the town of Orhanie. A
hall of fire came without warning
from some bushes at the roadside and
bullets spat all about the king, who
himself stopped the royal automobile
as the chauffeur fell wounded. Boris,
revolver in hand, lead pursuit of the
assassins until Orhanie was reached
and then dispatched troops to find
them.

TO NAME FIXED DATE FOR EASTER

U. S. DELEGATE WILL BOOST THE
CALENDAR REFORM AT THE
BRUSSELS MEETING

Washington, April 15.—Religion
must give way to business. Easter
hereafter must occur on a fixed date
like Christmas and the Fourth of
July.

So announces the United States
Chamber of Commerce in reviewing
its plans for conferences with busi-
ness men of all countries at the In-
ternational Chamber of Commerce
meeting in Brussels this year June
21 to 27.

Willis H. Booth, Los Angeles bank-
er and president of the International
Chamber of Commerce, is a member
of the league of nations committee
of inquiry into the reform of the
calendar. He has been able, it is
said, to persuade the league commit-
tee that fixing a date for Easter is
the logical first step in reforming
the calendar.

Two hundred American business
men, bankers and financiers, econ-
omists and industrialists, will attend
the Brussels meeting. At a similar
meeting in Rome two years ago, the
United States Chamber of Commerce
points out, the principles underlying
the Dawes plan were adopted. This
year the Dawes plan, and more of it,
will be discussed as well as a report
to be made on world economic con-
ditions by Owen D. Young of the
Dawes commission and other econ-
omists of this and other countries.

Double taxation, whereby the same
income or property is taxed in two
countries, and ways of ending this
unpleasantness will be considered,
also ways and means of increasing
the international use of checks; pro-
tection of designs, trademarks and
patents; motor transportation and
highway development; commercial
aviation; maritime transport and
flag discrimination.

London, April 15.—John Singer
Sargent, the famous painter, died
here today.

The portrait painter suffered a
stroke at 3 a. m. at his home in Chel-
sen on the Thames and died a few
hours later.

GENERAL DENIAL FROM LA FOLLETTE

SAYS HIS SON WILL NOT RUN AS GOVERNOR OF WISCONSIN

(By United Press)
Washington, April 15.—Senator LaFollette of Wisconsin today issued a statement denying reports that his son, Robert LaFollette, Jr., would be a candidate for governor of Wisconsin. He also denied that Governor John J. Blaine of Wisconsin intended to run for the United States senate next year against Senator Lenroot.

"There is not one word of truth in the statement. It is a pure fabrication," the statesman said.

CRIPPLED CHILDREN AT SYMPHONY CONCERT
St. Paul, April 15.—Crippled children from the Phalen Park hospital were guests Monday afternoon of the Saint Paul association at a concert given by the Minneapolis Symphony orchestra. They were transported in automobiles and occupied boxes from which vantage points they were able to look down upon approximately one-fifth of St. Paul's school population.

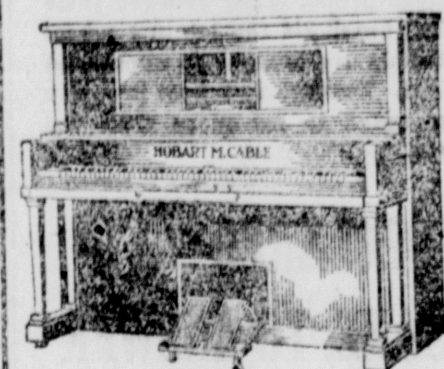

In the evening the orchestra gave a

concert for grown-ups, the main idea of which was that the grown-ups selected their own program. This is the first time St. Paul music lovers have been called into consultation with the director of a great orchestra and they have shown a real appreciation of the honor, not to say the responsibility of selecting compositions of merit.

Mayor Arthur E. Nelson gave a demonstration of high and lofty tumbling by conducting the orchestra in a rendition of "America." The fact that the orchestra paid no attention to His Honor did not prevent the audience from noticing that the mayor swung the baton like a niftick. Otherwise his was a finished performance.

Lumber and Paper

On the site of the Brainerd Lumber Company's saw mill stands the modern mill of the Northwestern Paper Company—one of Brainerd's largest industries.

Since this Bank was founded in 1881, there have been many business changes in Brainerd. Still this institution remains unchanged—except for our growth and the fund of experience accumulated through the years. Depositors find this a safe and accommodating Bank.

BREEZY POINT AT KERMESS TONIGHT

Queen Summer Resort of Brainerd Lake Region Coming 100 Strong to Attend Elks Kermess

WONDERFUL KERMESS OPENING

Parade Last Night Participated in by Squadron of Horsemen, Treadors, Boys Band, Senoritas

It's one parade after another at the Elks Kermess. Barely was the opening night parade made history when Superintendent Henderson of Breezy Point Lodge telephoned in this morning for 100 special Breezy Point badges and the whole Queen of the 10,000 lakes summer resort is coming down tonight with bells on to attend the Kermess.

Massey in a short parade the Breezy Pointers will be taken over the parade route of last night, led by Brainerd Lodge officers, delegations of Mexican toreadors and senoritas. Breezy Point will have in line 100 people, now employed in building the \$350,000 hotel and \$50,000 residence of Captain William H. Fawcett.

Kermess Opened Last Night
Led by a brilliant cavalcade of horsemen, last night's parade boasted the Brainerd Boys band led by E. A. Page, which rendered some of the finest music ever heard. The boys gave a concert at the Elks Kermess front door and then entered the parade.

The horsemen, looking for all the world like Mexican bull fighters, included Andy Smraker astride a brown nag, Hank Anderson astride a black and white gelding, Alton Fox mounted on a calico pony, Barney Larson on a fiery bay, Ole Larson on a spirited race horse, Roy Krech and Billy Kutka on dashing Shetland ponies.

Then followed the Boys' band, immaculate in splendid uniforms and playing with dash and precision.

The Mexican captains, toreadors and lieutenants were resplendent in their uniforms and followed closely after the brilliantly hued group of Mexican senoritas. Costumes of the Elks and Lady Elks evoked much applause all along the line of march.

A crowd of 1500 voiced their approval of the Elks Kermess Mexican spectacle on opening night, and the balance of the engagement is expected to set new records in the way of attendance.

The Mexican dance hall was crowded and the Arcadian orchestra played its sweetest music. All attractions had their scores of visitors in attendance. In the main coliseum there was also a scene of animated beauty. The colored entertainers made a hit and contributed to the gaiety of the occasion.

The refreshment bar and other booths did record-breaking business.

Every nook and cranny of the Elks home was crowded with merry-makers and there was a ceaseless patter of feet as booth after booth was visited and inspected.

Performances start at 7:30 o'clock sharp each night.

It is certain that the spirit of "It's All For Fun" and "Fun For All" has infected those attending the Kermess and the pleased expression on the countenance of everyone is assurance that this amusement is not lacking.

Net proceeds of the Kermess will go into the state convention fund of the Elks, something everybody in Brainerd and the Range and the Brainerd Lake Region is now showing the keenest interest.

Full Gospel Church Service

There is a special service tonight in the Full Gospel church, at 8 o'clock. "Millions Now Living Will Never Die," will be the theme for the sermon. You might be one of these. Come and hear more of this great hope.

Norwegian-Danish Aid

The ladies aid of the Norwegian-Danish Lutheran church will meet in the church basement, Thursday afternoon, entertained by Mrs. H. Haugene and Mrs. Carl Larson. Everybody welcome.

My famous experts have now found a way to prevent shiny noses and foreheads. They sent me some tubes and I tried it. It's a perfect delight.

It is a dainty, fragrant, greaseless cream. I apply it to nose and forehead once or twice a day. It absorbs the excess oil, then reduces the too-large pores. As a result, I do not powder nose or forehead, yet they never shine.

Every woman will welcome this creation. So I have had my experts make it for you under the name Edna Wallace Hopper's No-Shine. Drug-gist and toilet counters now supply it at 60c per tube. It will end for you—forever—all the worries about shine.

SILVER WEDDING ANNIVERSARY

Mr. and Mrs. Axel E. Gustafson Agreeably Surprised on the Occasion

20 FRIENDS VISIT THEM

Beautiful Articles of Silverware Are Presented to the Happy Couple

Mr. and Mrs. Axel E. Gustafson, 704 South Tenth street, were most agreeably surprised on Saturday evening, when 20 of their friends came in unexpectedly to assist them in celebrating their silver wedding anniversary.

Little Miss Phyllis Olson was sent into the house ahead of the guests with two Easter basket for Mr. and Mrs. Gustafson. Later in the evening they were presented with a number of articles of silverware, the presentation being made by William E. Anderson. A beautiful silver tray was also received from Rev. Renius Johnson, formerly of Brainerd.

The evening was spent informally, in music and games, and closed with delicious refreshments, which included a large wedding cake, trimmed in silver, and baked by Carl J. Anderson.

When the guests arrived, Mr. and Mrs. Gustafson were entertaining his parents, Mr. and Mrs. Andrew Gustafson, and Rev. E. A. Deake at dinner. It will be remembered that Mr. and Mrs. Gustafson Sr., celebrated their golden wedding anniversary last October. The table and dining room were appropriately decorated for the occasion, and these decorations were used for the luncheon

that was served later in the evening.

Mr. and Mrs. Axel E. Gustafson were married in Barnesville on April 11th, 1900. They came to Brainerd after a short honeymoon, and have made their home here ever since. He is employed as a machinist in the local Northern Pacific shops.

The guests departed at a late hour, expressing the wish that Mr. and Mrs. Gustafson may enjoy many happy returns of the day.

GOITER, A SERIOUS PROBLEM

IN a review issued by the United States Public Health Service, the subject of goiter is considered. This disease has grown to be a serious problem in the north and west of the United States and Brainerd has many cases of the disease.

"Goiter is almost as serious a handicap to the people in some sections of the Northern and Western states as hookworm is to the South," said Surgeon General Cumming of the United States Public Health Service. The problem of goiter, however, is very different from that of hookworm. Hookworm, as is well known, can readily be prevented by a proper disposal of the body wastes. Where this is not done, as in rural districts, the wearing of shoes will help in avoiding the infection as the disease is very commonly contracted by children who are allowed to go barefooted on polluted soil. Goiter, on the other hand, is apparently due to a deficiency of iodine in food and water, especially the latter; at least, this seems to be a very important factor in the production of this disease.

Generally speaking, goiter exists in two forms, the simple, or non-toxic, and the toxic, the latter being often associated with the condition known as exophthalmos (a prominence or "bulging" of the eyes).

The existence of goiter has been known for many centuries. Caesar speaks of big necks (enlarged thyroid glands) as one of the characteristics of the Gauls. The Chinese used burnt sponges and the ashes of the sea weed for goiter centuries ago; and they were probably not so far wrong in this as both substances contain iodine.

For some time the Public Health Service, in cooperation with the state and local health authorities, has conducted goiter surveys in certain districts where the disease is unusually prevalent. As other examples of the high rate prevailing in some parts of our country, it may be stated that out of 47,493 school children examined in the elementary schools of Cincinnati, 33.2 per cent were found to have appreciable thyroid enlargement. In many of these children, the enlargement was quite pronounced. Girls were found to be more generally infected than boys, the survey showing that 39.8 per cent of the former were affected as against 26.6 per cent of the latter. Colored children showed slightly higher percentages than white children. Similar surveys among groups of children in Minnesota showed even higher rates.

It is believed that when these studies are completed, a great deal of valuable information will be available, which will aid in the prevention of this disease.

DIVERSION FORBIDDEN

ITASCA county, Minnesota, in opening a drainage ditch, drew water from Bowstring lake, and turned it into the Mississippi instead of Rainy river. It never occurred to anyone that it made any difference.

But the government remembered that the treaty with Great Britain forbade the diversion of waters from the boundary streams and brought action to stop it as in violation of the treaty.

The federal court of Duluth holds that it is violation of the treaty and therefore orders the county to fill the ditch at that point at least three feet above high water mark in Bowstring lake.

"It is especially necessary," says Judge Cant in his memorandum, "that the treaty obligations of the United States remain inviolate and that such diversion of water be stopped." The actual amount of water involved is perhaps a negligible one. The principle is nothing less than national good faith.

WE NEED A ROOSEVELT

SOMEBODY with the capacity for getting things done possessed by the late President Roosevelt is badly needed in connection with Muscle Shoals and the Great Lakes-St. Lawrence waterways project. In connection with the latter, says the Topeka, Kansas, Journal, it is estimated that every year's loss for want of this national facility comes to more than the cost of the improvement.

The Middle West needs these waterways. Imagine New York City getting a cheaper rate on lumber than we do, because of the all-water shipments from the west to the east via Panama Canal. Lumber right now costs us here in Brainerd more in freight bills to haul from the coast than it does New York City, situated a continent in width from Seattle.

AFTER all the professors of geology got through with their work at Sand Cave, Kentucky, where Floyd Collins lost his life a mining engineer has now undertaken the work of recovering the body and is making rapid progress. The shaft has been sunk 10 feet deeper to avoid a sand cavein.

THE first game of the season is no indication what the balance will be. For instance the St. Louis Browns were defeated 21 to 14 by the Cleveland Indians. The Browns made 12 errors and Bush was hammered for three innings. Sisler made four errors.

CAPTAIN McMILLAN wants only small men in his Polar expedition. "Big men are like big dogs, they wear out quickly," McMILLAN said. It's hard on the big men, it is. It's in line with what Fitzsimmons said, "The bigger they are, the harder they fall."

THE province of a country paper oftentimes lies in the glorification of the commonplace. That's because the countryside boasts of no daily scandal, or murder, or rum charges, like the large city.

MRS. FREDERICK Y. DALZIEL has denied a report that she plays golf in her bare feet. Instead of calling the report one ugly word, she said it was an "absolute, complete and total error."

ALLIED sentiment does not seem to relish the candidacy of the old war chief, Hindenburg, for the presidency of the German republic. It's because he belongs to the old guard.

GREAT RAILROAD BATTLE STAGED AT THE CAPITAL

INTERSTATE COMMERCE COMMISSION STARTS ITS HEARINGS

TO DECIDE WHETHER "NICKLE PLATE" MERGER SHALL BE APPROVED

By HERBERT LITTLE
(United Press Staff Correspondent)
Washington, April 15.—Another round—perhaps a decisive one—in the railroad "battle of the century" is on here today.

The Interstate Commerce Commission started hearings on the application of the Van Sweringen brothers to complete their consolidation of five railroads, with a trackage of 9,900 miles, into a single system tapping the richest industrial section of the nation.

Orris P. and Mantis J. Van Sweringen, of Cleveland, O., who were ordinary real estate men until ten years ago, when they took a flyer in railroads, are engineering the gigantic merger of the new "Nickle Plate" system.

Properties of the roads involved are said to be valued at \$1,500,000,000. The old roads are the New York, Chicago & St. Louis Railway (the old Nickle Plate) and Chesapeake & Ohio, the Erie, the Pere Marquette, and the Hocking Valley of Ohio. The new company is called the New York, Chicago and St. Louis Railroad Company.

The boards of directors and the stockholders of each of the five old companies in meetings in the last six months have approved the merger plan, under which the stockholders in the old roads are to be given stock in the new company. The Van Sweringens announced their consolidation plan last August. It is based on a clause of the Esch-Cummings Transportation Act of 1920, which authorizes voluntary mergers, if they are approved by the interstate commerce commission as being for the benefit of the public.

Opposed the Merger
Minority stockholders of the Chesapeake & Ohio and the Hocking Valley, however, have fiercely opposed the merger, claiming it deprives them of valuable property. They contend that the terms of the exchange of stock gives them in place of valuable securities paying considerable dividends, stocks which pay much smaller dividends. These two railroads, they claim, will be made to bear the burden of paying dividends on the stock of the other three railroads, which before the merger were not especially prosperous.

Albert Stiles, New York, has been granted permission to intervene against the Van Sweringens before the commission. Committees of minority stockholders in the Chesapeake & Ohio from both New York and Richmond, Va., where the general offices of the road are now located, also will argue against the application.

The hearing probably will extend through several days or weeks. It is being watched with much interest in financial circles, as it is the first large consolidation since the Transportation Act became law.

The commission after hearing all the evidence probably will take the question under advisement, handing down a decision a few months later.

The commission's decision, however, will not entirely clear away the obstacles to the merger. The minority stockholders of the Chesapeake & Ohio at Richmond and of the Hocking Valley at Columbus, O., have started suits in their respective state courts demanding that the courts deny the merged companies permission to operate.

Court Fights Promised

The Chesapeake & Ohio minority demanded an injunction to prevent the stockholders from voting on the proposal at a meeting two weeks ago, but this plea was denied, after the Van Sweringen lawyers had pledged their company not to attempt to execute the merger until the courts of Virginia had ruled on its legality.

The minority stockholders have announced their intentions of fighting this case, involving the legality of the merger, to the United States supreme court. They also have indicated intentions of taking to court other suits charging they are being deprived of their property without due process of law.

The proposed new railroad will be one of the most important in the country if the merger is effected, ranking with the Pennsylvania and New York Central in the east and middle west. Through the Chesapeake & Ohio holdings, it will have as an outlet

GOITER, A SERIOUS PROBLEM

In a review issued by the United States Public Health Service, the subject of goiter is considered. This disease has grown to be a serious problem in the north and west of the United States and Brainerd has many cases of the disease.

"Goiter is almost as serious a handicap to the people in some sections of the Northern and Western states as hookworm is to the South," said Surgeon General Cumming of the United States Public Health Service. The problem of goiter, however, is very different from that of hookworm. Hookworm, as is well known, can readily be prevented by a proper disposal of the body wastes. Where this is not done, as in rural districts, the wearing of shoes will help in avoiding the infection as the disease is very commonly contracted by children who are allowed to go barefooted on polluted soil. Goiter, on the other hand, is apparently due to a deficiency of iodine in food and water, especially the latter; at least, this seems to be a very important factor in the production of this disease.

Generally speaking, goiter exists in two forms, the simple, or non-toxic, and the toxic, the latter being often associated with the condition known as exophthalmos (a prominence or "bulging" of the eyes).

The existence of goiter has been known for many centuries. Caesar speaks of big necks (enlarged thyroid glands) as one of the characteristics of the Gauls. The Chinese used burnt sponges and the ashes of the sea weed for goiter centuries ago; and they were probably not so far wrong in this as both substances contain iodine.

For some time the Public Health Service, in cooperation with the state and local health authorities, has conducted goiter surveys in certain districts where the disease is unusually prevalent. As other examples of the high rate prevailing in some parts of our country, it may be stated that out of 47,493 school children examined in the elementary schools of Cincinnati, 33.2 per cent were found to have appreciable thyroid enlargement. In many of these children, the enlargement was quite pronounced. Girls were found to be more generally infected than boys, the survey showing that 39.8 per cent of the former were affected as against 26.6 per cent of the latter. Colored children showed slightly higher percentages than white children. Similar surveys among groups of children in Minnesota showed even higher rates.

It is believed that when these studies are completed, a great deal of valuable information will be available, which will aid in the prevention of this disease.

DIVERSION FORBIDDEN

ITASCA county, Minnesota, in opening a drainage ditch, drew water from Bowstring lake, and turned it into the Mississippi instead of Rainy river. It never occurred to anyone that it made any difference.

But the government remembered that the treaty with Great Britain forbade the diversion of waters from the boundary streams and brought action to stop it as in violation of the treaty.

The federal court of Duluth holds that it is violation of the treaty and therefore orders the county to fill the ditch at that point at least three feet above high water mark in Bowstring lake.

"It is especially necessary," says Judge Cant in his memorandum, "that the treaty obligations of the United States remain inviolate and that such diversion of water be stopped." The actual amount of water involved is perhaps a negligible one. The principle is nothing less than national good faith.

WE NEED A ROOSEVELT

SOMEBODY with the capacity for getting things done possessed by the late President Roosevelt is badly needed in connection with Muscle Shoals and the Great Lakes-St. Lawrence waterways project. In connection with the latter, says the Topeka, Kansas, Journal, it is estimated that every year's loss for want of this national facility comes to more than the cost of the improvement.

The Middle West needs these waterways. Imagine New York City getting a cheaper rate on lumber than we do, because of the all-water shipments from the west to the east via Panama Canal. Lumber right now costs us here in Brainerd more in freight bills to haul from the coast than it does New York City, situated a continent in width from Seattle.

AFTER all the professors of geology got through with their work at Sand Cave, Kentucky, where Floyd Collins lost his life a mining engineer has now undertaken the work of recovering the body and is making rapid progress. The shaft has been sunk 10 feet deeper to avoid a sand cave.

THE first game of the season is no indication what the balance will be. For instance the St. Louis Browns were defeated 21 to 14 by the Cleveland Indians. The Browns made 12 errors and Bush was hammered for three innings. Sisler made four errors.

CAPTAIN McMILLAN wants only small men in his Polar expedition. "Big men are like big dogs, they wear out quickly," McMILLAN said. It's hard on the big men, it is. It's in line with what Fitzsimmons said, "The bigger they are, the harder they fall."

THE province of a country paper oftentimes lies in the glorification of the commonplace. That's because the countryside boasts of no daily scandal, or murder, or rum charges, like the large city.

MRS. FREDERICK Y. DALZIEL has denied a report that she plays golf in her bare feet. Instead of calling the report one ugly word, she said it was an "absolute, complete and total error."

ALLIED sentiment does not seem to relish the candidacy of the old war chief, Hindenburg, for the presidency of the German republic. It's because he belongs to the old guard.

GREAT RAILROAD BATTLE STAGED AT THE CAPITAL

INTERSTATE COMMERCE COMMISSION STARTS ITS HEARINGS

TO DECIDE WHETHER "NICKLE PLATE" MERGER SHALL BE APPROVED

By HERBERT LITTLE
(United Press Staff Correspondent)
Washington, April 15.—Another round—perhaps a decisive one—in the railroad "battle of the century" is on here today.

The Interstate Commerce Commission started hearings on the application of the Van Sweringen brothers to complete their consolidation of five railroads, with a trackage of 9,000 miles, into a single system tapping the richest industrial section of the nation.

Orris P. and Mantis J. Van Sweringen, of Cleveland, O., who were ordinary real estate men until ten years ago, when they took a flyer in railroads, are engineering the gigantic merger of the new "Nickle Plate" system.

Properties of the roads involved are said to be valued at \$1,500,000,000. The old roads are the New York, Chicago & St. Louis Railway (the old Nickel Plate) and Chesapeake & Ohio, the Erie, the Pere Marquette, and the Hocking Valley of Ohio. The new company is called the New York, Chicago and St. Louis Railroad Company.

The boards of directors and the stockholders of each of the five old companies in meetings in the last six months have approved the merger plan, under which the stockholders in the old roads are to be given stock in the new company. The Van Sweringens announced their consolidation plan last August. It is based on a clause of the Esch-Cummings Transportation Act of 1920, which authorizes voluntary mergers, if they are approved by the interstate commerce commission as being for the benefit of the public.

Opposed the Merger
Minority stockholders of the Chesapeake & Ohio and the Hocking Valley, however, have heretofore opposed the merger, claiming it deprives them of valuable property. They contend that the terms of the exchange of stock gives them in place of valuable securities paying considerable dividends, stocks which pay much smaller dividends. These two railroads, they claim, will be made to bear the burden of paying dividends on the stock of the other three railroads, which before the merger were not especially prosperous.

Albert Stiles, New York, has been granted permission to intervene against the Van Sweringens before the commission. Committees of minority stockholders in the Chesapeake & Ohio from both New York and Richmond, Va., where the general offices of the road are now located, also will argue against the application.

The hearing probably will extend through several days or weeks. It is being watched with much interest in financial circles, as it is the first large consolidation since the Transportation Act became law.

The commission after hearing all the evidence probably will take the question under advisement, handing down a decision a few months later.

The commission's decision, however, will not entirely clear away the obstacles to the merger. The minority stockholders of the Chesapeake & Ohio at Richmond and of the Hocking Valley at Columbus, O., have started suits in their respective state courts demanding that the courts deny the merged companies permission to operate.

Court Fights Promised

The Chesapeake & Ohio minority demanded an injunction to prevent the stockholders from voting on the proposal at a meeting two weeks ago, but this plea was denied, after the Van Sweringen lawyers had pledged their company not to attempt to execute the merger until the courts of Virginia had ruled on its legality.

The minority stockholders have announced their intentions of fighting this case, involving the legality of the merger, to the United States supreme court. They also have indicated intentions of taking to court other suits charging they are being deprived of their property without due process of law.

The proposed new railroad will be one of the most important in the country if the merger is effected, ranking with the Pennsylvania and New York Central in the east and middle west. Through the Chesapeake & Ohio holdings, it will have as an outlet

TIMBER FIRES UNDER CONTROL

Forest Ranger E. H. Rhodes Makes Report on the Brainerd Territory

GREATEST DANGER PASSED

3 Large Fires Caused Considerable Trouble Tuesday. One Near Motley

Forest Ranger E. H. Rhodes stated on Wednesday morning that the timber fires in his district, which include the Brainerd territory, are well under control, and that with care on the part of the public it is felt that the greatest danger is passed.

Three large fires caused considerable trouble on Tuesday. One was a mile south of Motley, the others about three miles south of that village. All were caused by carelessness according to the forest ranger. A large acreage of meadow, timber and some hay stacks were destroyed. In Richardson township, Morrison county, about 40 miles southeast of Brainerd, several fires sprung up, and after considerable difficulty were brought under control.

Three peat fires are reported south of Pine River, between that village and Motley, which under a strong wind might cause some trouble.

The forestry department has put on more men to cope with the fire situation, and has allowed Mr. Rhodes office help, so that reports of fires can be handled when the ranger is not in the office.

Several parties in Crow Wing county have been burning brush without permits, which is strictly against the law, and which subjects them to prosecution. No burning permits will be issued at this time, because of the very dry condition in the timber and meadows. Later, if the territory is visited by drenching rains, or when the vegetation has become green, permits will be granted again.

Brainerd, Minn.

Gentlemen:

On Monday March 23, I sent you one dollar for which you was to send me one bottle of Skauges Stomach Remedy, and I received the bottle yesterday, but it was all smashed and all the medicine had run out.

I saw the post master at Osakis about it today, and he said that I should write to you people, as he said it had not been properly wrapped, and the post master at Brainerd should not have accepted same.

Now I am a poor man and I do not like to pay for that bottle twice, but I need the medicine very bad so please send me another bottle.

It is the only medicine that has helped me, I have suffered with stomach trouble for a number of years.

You may use this letter that I am writing you, as your medicine sure have done wonders for me, I have also told others about it, and will continue to do so.

I remain,
Yours very truly,

Polarine

THE PERFECT MOTOR OIL

For Summer

Our claims for the efficiency of Polarine "F"—the new oil for Fords—have met with the enthusiastic indorsement of Ford owners.

They have found that it does two things and does them well—

First—It stops transmission noise effectively by building up on the drums a stable lubricating film which will not rub off under the scraping action of the bands.

Second—It lubricates the engine thoroughly and causes it to operate quietly and efficiently.

Polarine "F" for Fords costs no more than a single purpose oil.

If you drive a car other than a Ford, consult chart at any Standard Oil Service Station; at Any Authorized Garage or Filling Station, for the correct grade of Polarine to use.

Drain your crankcase every 500 miles and refill with the correct grade of Polarine. It adds efficiency and effects economy.

Several parties in Crow Wing county have been burning brush without permits, which is strictly against the law, and which subjects them to prosecution. No burning permits will be issued at this time, because of the very dry condition in the timber and meadows. Later, if the territory is visited by drenching rains, or when the vegetation has become green, permits will be granted again.

Unlucky Carthaginian

Sophonisba, a Carthaginian princess, was born under an unlucky star. She was betrothed to Masinissa, but was compelled to marry Syphax. Masinissa defeated Syphax and wed her, but the Romans made him give her up.

"The Hunted Woman" Has Alaskan Setting

An important announcement is the booking at the Lyceum Theatre of "The Hunted Woman" on Thursday and Friday, one of the most powerful stories of the frozen North ever penned.

Other People's Opinion

Osakis, Minn.,
March 26, 1925

Skaug Drug Co.
Brainerd, Minn.

Gentlemen:

On Monday March 23, I sent you one dollar for which you was to send me one bottle of Skauges Stomach Remedy, and I received the bottle yesterday, but it was all smashed and all the medicine had run out.

I saw the post master at Osakis about it today, and he said that I should write to you people, as he said it had not been properly wrapped, and the post master at Brainerd should not have accepted same.

Now I am a poor man and I do not like to pay for that bottle twice, but I need the medicine very bad so please send me another bottle.

It is the only medicine that has helped me, I have suffered with stomach trouble for a number of years.

You may use this letter that I am writing you, as your medicine sure have done wonders for me, I have also told others about it, and will continue to do so.

I remain,

Yours very truly,

HENRY SWENO.

Osakis, Minn., Rt. 2

ned by James Oliver Curwood, the famed chronicler of that rugged land where dog sledges are rapid transit.

Heralded by William Fox as one of the most ambitious Alaskan pictures ever to issue from its studios, this virile, picturesque story is said to have involved tremendous hardships. Seven of the principal members of the cast spent twenty-one days amid snowy wastes where the thermometer ranged from 12 to 32 degrees below zero.

"Siren of Seville" Leaves Tonight
"The Siren of Seville," Priscilla Dean's latest starring vehicle terminates its run at the Lyceum Theatre tonight.

It is a colorful production laid in the town of the bullfights and centers about the loves of a dashing Senorita and her Toreador sweetheart.

The brilliant supporting cast includes Stuart Holmes, Allan Forrest, Claire de Lorez, Mathew Betz and Bert Woodruff.

Betty Compson and Others in Featured Roles in William de Mille Production

In "Locked Doors," a Paramount picture which will be shown at the New Park last time tonight, William

de Mille has assembled what at a glance proves the strongest cast that has ever appeared in any of his productions.

Betty Compson, Theodore Roberts, Kathlyn Williams, Theodor von Eltz and Robert Edeson are featured in the principal roles of the picture, which is a screen original by Clara Beranger.

Hedstrom's Orchestra at New Park Sunday Night

The New Park will present Hedstrom's Orchestra Sunday night with the special picture, "The Top of the World," starring Anna Q. Nilsson and James Kirkwood. All for regular prices.

CULTURE OF
GLADIOLI

Bulbs Here and Instructions for
Planting Them Should be
Observed

FULL EXPOSURE TO SUN

Do Not Expect Good Results Where
You Could Not Raise a Good
Hill of Potatoes

The gladioli have arrived and the
season of planting them will soon be
under way. Instructions in that re-
gard are herewith published by the
Dispatch. Save them and consult
them.

Planting
Gladioli may be planted any time
the ground is in good condition and
planted at intervals to secure con-
tinuous blossom. Large bulbs should
be planted five to six inches deep.
Smaller bulbs less, about three
inches for quarter-inch. The roots
go down; therefore ground should be
well pulverized and enriched below
as well above the bulbs. No fresh
manure should come in contact with
the bulb.

They should have full exposure to
sun and will not give best results if
planted in the shade or where the
roots of trees or shrubbery sap the
ground. Do not expect to get good
results where you could not raise a
good hill of potatoes.

Cultivation
Cultivation should be constant and
may be begun by raking before the
shoots appear. Do not let a crust
form around the plants. Gladioli
are good feeders and will utilize
large amounts of old manure worked
into the ground through the season.
The new bulbs and bulbets are for-
med after blooming, so cultivation
should be continued for five or six
weeks after bloom is cut. If water
is given, a thorough soaking once a
week is better than a little once a
day. A mulch of lawn clippings or
other fine material helps to keep the
ground cool and conserves moisture
but is no substitute for cultivation.

Cutting
In cutting, at least four leaves,
better six, should be left on the plant
to mature the bulb. Proper cutting
is good for the bulb. Never allow
seed pods to form unless you want
the seed. Seed forms at the expense
of the bulb and increase.

Cut flowers should be placed in
cold water. All wilted flowers, in-
cluding seed pod, should be removed
each day and stem shortened with a
slanting cut. Do not crowd into a
small vase. Keep vases clean. Set
in a cool place at night, but never in
a draught. Bloomed out tips make
fine corsage bouquets.

Digging
After tops are killed by frost,
bulbs should be dug and tops cut
close to bulb. Dry for one or two
days in the sun and inside for two
weeks and separate bulbets from
bulbs. Bulbs should be kept cool
and dry in ventilated crate or bas-
ket. They will keep well in condi-
tions favorable for potato storage.
Where ground does not freeze bulbs
may be left in, but it is not recom-
mended to do so.

Bulbets
The little offsets found around the
parent bulb at digging time are called
bulbets or cormels. They are
always true to the parent bulb, and
bulbs that please you should be
marked and staked that the increase
may be saved separately, and your
stock propagated from these. Con-
trary to many peoples notions and
some published articles, gladioli do
not mix by being planted together
and do not run out. A mixture
planted for several years will change
its proportions by natural division
and death of less hardy varieties.

Bulbets should be kept in dry
earth or sand during winter. Plant
100 to 200 to the foot in a trench
the width of a hoe and cover two to
three inches deep. Ground should
be in the best possible condition.
Soaking twenty-four to forty-eight
hours in tepid water before planting
improves germination. Sixty per-
cent is considered fair germination
if planted unpeeled.

An increased germination and
greater growth may be secured by
opening the outer shell and planting
in drills. Plant not more than two
inches deep covering the bulbets
with 1/2 inch of soil. If sand can be
secured fill balance of drill with sand.
Light soil will also answer. The
rows should be from 4 to 6 feet long
and run crosswise of beds to permit
of easy cultivation. Space the rows 6,
8, or 10 inches apart according to the
vigor of growth of the variety. Drop

from 50 to 150 bulbets in a six foot
row. Use the lesser number where
growth is vigorous and rows spaced
10 inches. Peeled bulbets should
not be planted until ground is warm
enough to plant corn. Peelings may
be opened with small tweezers or
point of a pen knife. Do not injure
the inner kernel. A thickness of
light burlap spread over bulbets af-
ter planting helps germination by
conserving moisture. It may be left
on until they are well started as they
come up through the weaves. It takes
seven weeks are required for bulb-
ets to germinate. Bulbets will not
germinate in dry soil either indoors
or out.

MACALESTER COLLEGE SINGERS

Glee Club to Present Popular Pro-
gram Here on Thursday,
April 23

The Macalester College Glee club
will present to its Brainerd audience
next week a program that ranges
from the most liked popular numbers
to the delightful songs of a more
classical nature. Their rendition of
"Bells of St. Mary's" is claimed to
be masterly, and has brought them a
great deal of praise. When they
sang this number before the St. Paul
Rotary club last winter, their hear-
ers were charmed.

Other numbers of their repertoire
include Haesche's "Friendship," Je-
ssel's "Parade of the Wooden Soldiers,"
Huhn's "Invictus," and Lincke's
"The Glow Worm."

In the afternoon of the concert in
Brainerd, which will be on Thursday
of next week, April 23rd, the glee
club will attend the high school and
will sing a group of songs before the
students. While in Brainerd, the
members will be entertained at the
homes of local citizens.

Tickets for the concert are on sale
at the Y. M. C. A., at Judd Wright
and Son, at G. W. Chadbourne
agency, and at the John Bye Cloth-
ing Co.

NORWAY IN PICTURES

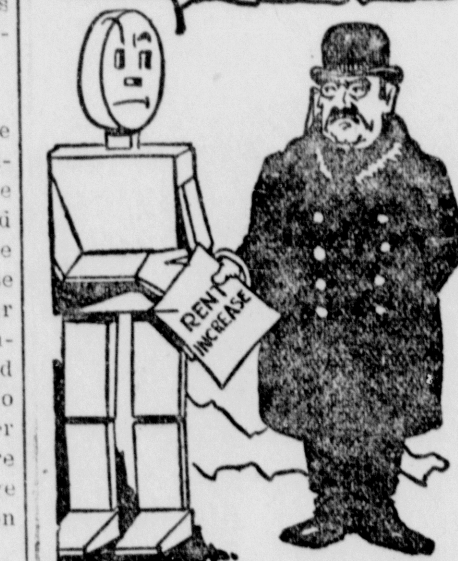

Sons of Norway of Brainerd Spon-
soring Presentation
Tonight

The local lodge, Sons of Norway,
are sponsoring the double feature
moving picture program to be given
this Wednesday evening at the Gar-
dner hall, beginning at 8:30 o'clock.
Two films are to be shown, the first
entitled "Norway in Pictures," show-
ing many scenes of the home land
that will be recognized by those who
were born there. The other is a
gripping sea story, "A Man There
Was," a Swedish film with Victor
Sjostrom as star.

In addition to these pictures, there
will be accordion music, Scandina-
vian airs as well as popular airs be-
ing included on the program.

CULTURE OF
GLADIOLI

Bulbs Here and Instructions for
Planting Them Should be
Observed

FULL EXPOSURE TO SUN

Do Not Expect Good Results Where
You Could Not Raise a Good
Hill of Potatoes

The gladioli have arrived and the
season of planting them will soon be
under way. Instructions in that re-
gard are herewith published by the
Dispatch. Save them and consult
them.

Planting

Gladioli may be planted any time
the ground is in good condition and
planted at intervals to secure con-
tinuous blossom. Large bulbs should
be planted five to six inches deep.
Smaller bulbs less, about three
inches for quarter-inch. The roots
go down; therefore ground should be
well pulverized and enriched below
as well above the bulbs. No fresh
manure should come in contact with
the bulb.

They should have full exposure to
sun and will not give best results if
planted in the shade or where the
roots of trees or shrubby sap the
ground. Do not expect to get good
results where you could not raise a
good hill of potatoes.

Cultivation

Cultivation should be constant and
may be begun by raking before the
shoots appear. Do not let a crust
form around the plants. Gladioli
are good feeders and will utilize
large amounts of old manure worked
into the ground through the season.
The new bulbs and bulbets are for-
med after blooming, so cultivation
should be continued for five or six
weeks after bloom is cut. If water
is given, a thorough soaking once a
week is better than a little once a
day. A mulch of lawn clippings or
other fine material helps to keep the
ground cool and conserves moisture
but is no substitute for cultivation.

Cultivation kills weeds. Proper
cultivation conserves moisture. Cul-
tivation enables the air to change the
soil to plant food. Do not forget to
cultivate.

Cutting

In cutting, at least four leaves,
better six, should be left on the plant
to mature the bulb. Proper cutting
is good for the bulb. Never allow
seed pods to form unless you want
the seed. Seed forms at the expense
of the bulb and increase.

Cut flowers should be placed in
cold water. All wilted flowers, in-
cluding seed pod, should be removed
each day and stem shortened with a
slanting cut. Do not crowd into a
small vase. Keep vases clean. Set
in a cool place at night, but never in
a draught. Bloomed out tips make
fine corsage bouquets.

Digging

After tops are killed by frost,
bulbs should be dug and tops cut
close to bulb. Dry for one or two
days in the sun and inside for two
weeks and separate bulbets from
bulbs. Bulbs should be kept cool
and dry in ventilated crate or bas-
ket. They will keep well in condi-
tions favorable for potato storage.
Where ground does not freeze bulbs
may be left in, but it is not recom-
mended to do so.

Bulbets

The little offsets found around the
parent bulb at digging time are called
bulbets or cormels. They are
always true to the parent bulb, and
bulbs that please you should be
marked and staked that the increase
may be saved separately, and your
stock propagated from these. Con-
trary to many peoples notions and
some published articles, gladioli do
not mix by being planted together
and do not run out. A mixture
planted for several years will change
its proportions by natural division
and death of less hardy varieties.

Bulbets should be kept in dry
earth or sand during winter. Plant
100 to 200 to the foot in a trench
the width of a hoe and cover two to
three inches deep. Ground should
be in the best possible condition.
Soaking twenty-four to forty-eight
hours in tepid water before planting
improves germination. Sixty per
cent is considered fair germination
if planted unpeeled.

An increased germination and
greater growth may be secured by
opening the outer shell and planting
in drills. Plant not more than two
inches deep covering the bulbets
with 1/2 inch of soil. If sand can be
secured fill balance of drill with sand.
Light soil will also answer. The
rows should be from 4 to 6 feet long
and run crosswise of beds to permit
of easy cultivation. Space the rows 6,
8, or 10 inches apart according to the
vigor of growth of the variety. Drop

from 50 to 150 bulbets in a six foot
row. Use the lesser number where
growth is vigorous and rows spaced
10 inches. Peeled bulbets should
not be planted until ground is warm
enough to plant corn. Peelings may
be opened with small tweezers or
point of a pen knife. Do not injure
the inner kernel. A thickness of
light burlap spread over bulbets af-
ter planting helps germination by
conserving moisture. It may be left
on until they are well started as they
come up through the weave. Three
to seven weeks are required for bulb-
ets to germinate. Bulbets will not
germinate in dry soil either indoors
or out.

MACALESTER COLLEGE SINGERS

Glee Club to Present Popular Pro-
gram Here on Thursday,
April 23

The Macalester College Glee club
will present to its Brainerd audience
next week a program that ranges
from the most liked popular numbers
to the delightful songs of a more
classical nature. Their rendition of
"Bells of St. Mary's" is claimed to
be masterly, and has brought them a
great deal of praise. When they
sang this number before the St. Paul
Glee club last winter, their hear-
ers were charmed.

Other numbers of their repertoire
include Haesche's "Friendship," Je-
ssel's "Parade of the Wooden Soldiers,"
Huhn's "Invictus," and Lincke's
"The Glow Worm."

In the afternoon of the concert in
Brainerd, which will be on Thursday
of next week, April 23rd, the glee
club will attend the high school and
will sing a group of songs before the
students. While in Brainerd, the
members will be entertained at the
homes of local citizens.

Tickets for the concert are on sale
at the Y. M. C. A., at Judd Wright
and Son, at G. W. Chadbourne
agency, and at the John Bye Cloth-
ing Co.

BOY SCOUTS TO RAISE \$3,000

Brainerd District of Crow Wing Area
Boy Scout Council Opens
Campaign Thursday

ACTIVE MEMBERSHIP GROWTH

In Four Months Rolls Increase From
80 to 236 Boys, 50 More
Expected in April

The Brainerd District of the Crow Wing Area Boy Scout Council will campaign Thursday afternoon to raise their proportion of the area budget, which is approximately \$3,000.

The Crow Wing Area Council has shown very active growth in membership and adult interest during the past four months. The boys have been stimulated to a greater interest in all activities and membership has grown from 80 to 236 boys in four months. It is expected that during April, an additional fifty boys will be added to this number.

Many changes have been made during the past few months in council organization. Where formerly the council operated on a \$5,000 budget, the operation expense has been reduced to \$4,600. The cost of operation per boy member has been reduced from \$63.13 to a little over \$19.00 per boy.

There are some seventy-five men taking an active interest in council committee and troop management in the county. This number will soon be increased by a like amount.

Three new troops are in the process of formation and three troops outside of our present territorial limits are receiving service. The plan of the National office is to combine Crow Wing, Cass, Aitkin and Morrison counties into one scout unit and reduce the overhead expense for the entire area.

There are approximately 2,000 boys or scout age in Crow Wing county. Many hundreds of these boys are waiting to be received into scout troops as members and as rapidly as possible they will be organized into progressive troops under the supervision of trained leaders.

The Crow Wing Council has as one of its objectives the giving of service not only to the boy but to the entire community. Another big feature is the establishment of a summer camp in which not only boys but girls in the district will have the privilege of using. This camp will be under the management of the Crow Wing Council and will be subtlet at a very nominal figure to any agencies doing constructive work for boys or girls.

Judson Freeman, National Field Director of Scout activities, who is well known in Brainerd, will be in the city Thursday to assist in the financial campaign. A group of thirty workers under the direction of Wm. Haydon, Chairman, will meet with Mr. Freeman Thursday noon to make final arrangements for the canvass. It is expected to make the entire canvass Thursday afternoon with the exception of those whom it will be impossible to get in touch with.

The following are the team captains who are assisting in this work: Messrs. Wm. Haydon, A. L. Wyett, George E. Lowe, O. A. Peterson, R. L. Geist, C. N. Erickson, W. A. M. Johnstone, D. E. Whitney, John F. Woodhead, Dr. E. C. Hertzog, Frank Johnson and G. W. Chadbourne.

IS TO BE A PRIVATE PARTY

Those Who do Not Dance Will be
Given Opportunity to
Play Cards

Roosevelt chapter, Order of DeMolay, will open its social season with a dancing party on Saturday evening, April 18th, at the Iron Exchange hall. Edstrom's orchestra will furnish the music, and dancing will continue from 9 o'clock until midnight.

This is a private party, for which invitations have been issued. Admission will be by invitation only, except in the case of members of the Masonic bodies and the Eastern Star, who are asked to attend without written invitation. There will be a contributing charge of \$1 per couple made to cover the cost of the party. There will be cards for those who do not care to dance.

The local chapter of DeMolay expects to establish a precedent in dancing parties for the younger set, and quite elaborate plans are being made for the first event. The dances will be arranged by program. Light refreshments will be served during the evening.

The patrons and patronesses include Mr. and Mrs. J. P. Anderson, Mr. and Mrs. H. J. Carlson, Rev. and Mrs. W. M. Walton, and Dr. and Mrs. G. H. Ribbel.

CHILD GUIDANCE CLINIC CLOSING

Had Been in Session in Brainerd 3
Days Under Direction of Dr.
G. S. Stevenson

WILL NOW REMOVE TO CROSBY

If Bill in Legislature Passes, Permanent
Clinic Will be Established
in Brainerd

Today closes the Child Guidance Clinic, which has been in session in Brainerd for the past three days, under the direction of Dr. G. S. Stevenson, of the University, Miss Lila McNutt and Prof. Turney, of the department of psychology of the University. On Thursday and Friday this clinic will be continued in Crosby.

Child guidance clinics have been held throughout the state, with the idea of making them permanent institutions in a number of instances. Two have already become permanent, one at Duluth, the other at Mankato. Dr. Stevenson visits each four days per month. St. Louis county has provided one full-time worker, and in Mankato the county nurses do the work. The clinic is established in the state teachers college in that city.

It is hoped to establish six more permanent child guidance clinics throughout the state, if the bill now pending goes through the legislature. It has passed the house and is now being considered by the senate. Should this bill pass and the six clinics are designated, Brainerd will be selected as one of the six, according to present plans.

The child guidance clinics work quietly, and for this reason little is known of them or the excellent work that they are doing, said Dr. Stevenson. None of the cases that go through the clinics are given any publicity, and since they require much attention afterward, including close observation and suggestions, so that in reality a "case is kept open" for a great length of time.

Dr. Stevenson states that these clinics are designed as an economy measure, in that it hopes to reach the children before such traits develop that will result in the case going to some penal institution. Many groups are sent to institutions or correction that if taken through a guidance clinic when children might have been saved that dishonor.

The clinics not only work with the individual children, but with the parents as well, thus giving a double service to those affected.

Study Section of Musical Club

The Study section of the Brainerd Musical club will meet tomorrow (Thursday) night at 7:30 at the home of Mrs. A. C. Weber. All members are urged to be present.

Matt Toykkka, of Crosby, has decided that it does not pay to net fish out of season. He was assessed \$150 and costs amounting to \$9 in municipal court this morning for that privilege.

Toykkka was arrested with a pickerel and 66 crappies in his possession, all of which showed signs of having been taken in a net. He pleaded guilty to the charge of breaking the game laws and paid the above fine.

A total of \$6,700 could have been the maximum fine in this case, had the authorities wished to bring charges. A separate case for each fish with a maximum of \$100 fine in each case, could have been made. Toykkka stated that he has no desire to take any more fish out of season or by the netting method.

Edward Radke plead guilty to a charge of intoxication, and was fined \$10.

Martin Johnson was arraigned on a charge of selling liquor, and his case continued until Thursday.

Roy Gunion plead not guilty to a charge of transporting liquor, and his case was continued until Thursday, bonds being set at \$150.

Earl Hoeft was arraigned on a

When the Word "Hello" Meant "Go Chase a Wolf"

The word "hello" had its origin in the days of the old French wolf hunts. When a wolf was sighted, the hunters shouted "Au Loup!" (pronounced oh loo) which means "To the wolf!"

The English changed the expression to "ha loo," and later it became "hello."

But the word "hello" is meaningless and time-consuming when used to answer the telephone. For this reason, an increasing number of people now answer the telephone by announcing the name of the firm or residence and the name of the person speaking.

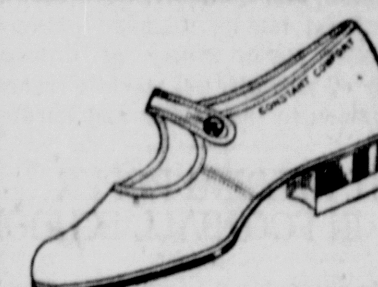

The new practice permits one to proceed with the conversation at once without the unnecessary exchange of "hellos" and inquiry as to who is talking.

Many changes have been made during the past few months in council organization. Where formerly the council operated on a \$5,000 budget, the operation expense has been reduced to \$4,600. The cost of operation per boy member has been reduced from \$63.13 to a trifle over \$19.00 per boy.

There are some seventy-five men taking an active interest in council committee and troop management in the county. This number will soon be increased by a like amount.

Three new troops are in the process of formation and three troops outside of our present territorial limits are receiving service. The plan of the National office is to combine Crow Wing, Cass, Aitkin and Morrison counties into one scout unit and reduce the overhead expense for the entire area.

There are approximately 2,000 boys of scout age in Crow Wing county. Many hundreds of these boys are waiting to be received into scout troops as members and as rapidly as possible they will be organized into progressive troops under the supervision of trained leaders.

The Crow Wing Council has as one of its objectives the giving of service not only to the boy but to the entire community. Another big feature is the establishment of a summer camp in which not only boys but girls in the district will have the privilege of using. This camp will be under the management of the Crow Wing Council and will be subtlet at a very nominal figure to any agencies doing constructive work for boys or girls.

Judson Freeman, National Field Director of Scout activities, who is well known in Brainerd, will be in the city Thursday to assist in the financial campaign. A group of thirty workers under the direction of Wm. Haydon, Chairman, will meet with Mr. Freeman Thursday noon to make final arrangements for the canvass. It is expected to make the entire canvass Thursday afternoon with the exception of those whom it will be impossible to get in touch with.

The following are the team captains who are assisting in this work: Messrs. Wm. Haydon, A. L. Wye, George E. Lowe, O. A. Peterson, R. L. Geist, C. N. Erickson, W. A. M. Johnstone, D. E. Whitney, John F. Woodhead, Dr. E. C. Hertzog, Frank Johnson and G. W. Chadbourne.

ORDER DE MOLAY DANCING PARTY

Roosevelt Chapter Opens Its Social
Season With Function at
Iron Exchange Hall

IS TO BE A PRIVATE PARTY

Those Who do Not Dance Will be
Given Opportunity to
Play Cards

Roosevelt chapter, Order of DeMolay, will open its social season with a dancing party on Saturday evening, April 18th, at the Iron Exchange hall. Rodstrom's orchestra will furnish the music, and dancing will continue from 9 o'clock until midnight.

This is a private party, for which invitations have been issued. Admission will be by invitation only, except in the case of members of the Masonic bodies and the Eastern Star, who are asked to attend without written invitation. There will be a contributing charge of \$1 per couple made to cover the cost of the party. There will be cards for those who do not care to dance.

The local chapter of DeMolay expects to establish a precedent in dancing parties for the younger set, and quite elaborate plans are being made for the first event. The dances will be arranged by program. Light refreshments will be served during the evening.

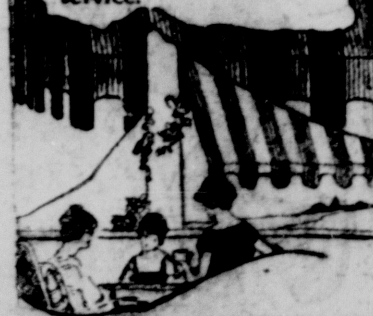

The patrons and patronesses include Mr. and Mrs. J. P. Anderson, Mr. and Mrs. H. J. Carlson, Rev. and Mrs. W. M. Walton, and Dr. and Mrs. G. H. Ribbel.

CHILD GUIDANCE CLINIC CLOSING

Had Been in Session in Brainerd 3
Days Under Direction of Dr.
G. S. Stevenson

WILL NOW REMOVE TO CROSBY

If Bill in Legislature Passes, Permanent
Clinic Will be Established
in Brainerd

Today closes the Child Guidance Clinic, which has been in session in Brainerd for the past three days, under the direction of Dr. G. S. Stevenson, of the University, Miss Lila McNutt and Prof. Turney, of the department of psychology of the University. On Thursday and Friday this clinic will be continued in Crosby.

Child guidance clinics have been held throughout the state, with the idea of making them permanent institutions in a number of instances. Two have already become permanent, one at Duluth, the other at Mankato. Dr. Stevenson visits each four days per month. St. Louis county has provided one full-time worker, and in Mankato the county nurses do the work. The clinic is established in the state teachers college in that city.

It is hoped to establish six more permanent child guidance clinics throughout the state, if the bill now pending goes through the legislature. It has passed the house and is now being considered by the senate. Should this bill pass and the six clinics are designated, Brainerd will be selected as one of the six, according to present plans.

The child guidance clinics work quietly, and for this reason little is known of them or the excellent work that they are doing, said Dr. Stevenson. None of the cases that go through the clinics are given any publicity, and since they require much attention afterward, including close observation and suggestions, so that in reality a case is kept open for a great length of time.

Dr. Stevenson states that these clinics are designed as an economy measure, in that it hopes to reach the children before such traits develop that will result in the case going to some penal institution. Many groups are sent to institutions of correction that if taken through a guidance clinic when children might have been saved that dishonor.

The clinics not only work with the individual children, but with the parents as well, thus giving a double service to those affected.

Crosby

ASSESSED \$150 AND COSTS

Had Pickerel and 66 Crappies in His
Possession, Could Have Been
Fined \$6,700

Matt Toykkka, of Crosby, has decided that it does not pay to net fish out of season. He was assessed \$150 and costs amounting to \$9 in municipal court this morning for that privilege.

Toykkka was arrested with a pickerel and 66 crappies in his possession, all of which showed signs of having been taken in a net. He pleaded guilty to the charge of breaking the game laws and paid the above fine.

A total of \$6,700 could have been the maximum fine in this case, had the authorities wished to bring charges. A separate case for each fish with a maximum of \$100 fine in each case could have been made. Toykkka stated that he has no desire to take any more fish out of season or by the netting method.

Edward Radke plead guilty to a charge of intoxication, and was fined \$10.

Martin Johnson was arraigned on a charge of selling liquor, and his case continued until Thursday.

Roy Gunion plead not guilty to a charge of transporting liquor, and his case was continued until Thursday, bonds being set at \$150.

Earl Hoeft was arraigned on a

When the Word "Hello" Meant "Go Chase a Wolf"

The word "hello" had its origin in the days of the old French wolf hunts. When a wolf was sighted, the hunters shouted "Au Loup!" (pronounced oh loo) which means "To the wolf!"

The English changed the expression to "ha loo," and later it became "hello."

But the word "hello" is meaningless and time-consuming when used to answer the telephone. For this reason, an increasing number of people now answer the telephone by announcing the name of the firm or residence and the name of the person speaking.

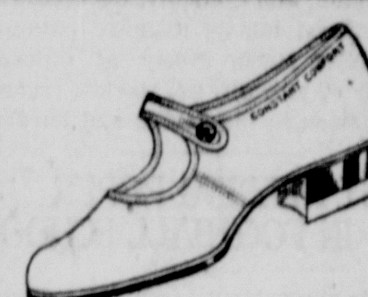

The new practice permits one to proceed with the conversation at once without the unnecessary exchange of "hellos" and inquiry as to who is talking.

GIBBONS-TUNNEY MATCH LAUDED

By HENRY L. FARRELL
(United Press Sports Editor)

New York, April 15.—Promoters who have arranged the match between Tom Gibbons and Gene Tunney for June 12 at the Polo Grounds well might advertise it as the contest without a knock.

From a business point of view it is the best match that could be arranged, since there is a well-founded assurance that Jack Dempsey is not going to fight and because there isn't a possible chance for any knockers to cause interference with the sale of tickets.

From a competitive standpoint it is what promoters call a "natural." There is no need to mould public opinion into the belief that there is a reason for the match.

Tunney and Gibbons are evenly matched in weight and size. They are the two best fighters of their weight in the world, and, above all, they are two of the finest characters in the profession.

Millions of flattering words have been written about Tom Gibbons as a citizen and a family man. The same things can be said about Gene Tunney as a citizen and as he says, with a characteristic Tunney blush—"I haven't had the time that Tom has had to become a family man."

Tunney is yet a young man. He spent three years in the United States Marine Corps and since he left the service he has been so busy working his way along the hard way to a championship that he hasn't had time to go courting.

As fighters, Gibbons and Tunney are more evenly matched than the usual principals in a big fight, but they are the only two prominent fighters who are willing enough and game enough to take a match against a real fighter. Gibbons is more experienced, of course, and he is a better defensive boxer. He can also hit more accurately than Tunney, but he hasn't much more steam in his punches than Tunney.

GAME WARDEN CARDLE REPORT

All Streams in Brainerd Territory
Are Open, Many Brainerd
Anglers Out

The trout season opened on Wednesday morning under rather unfavorable conditions. Deputy Game Warden A. P. Cardle stated that with the thermometer hovering about 46 above, the speckled beauties would not be inclined to take much notice of a luscious worm of an imitation fly.

All streams in the Brainerd territory are said to be open, and it is understood that a number of Brainerd anglers went out this morning to try their luck at trout fishing.

J. F. Gould, state commissioner, announces that no fishing licenses can be granted to non-residents until the fee has been set by the present legislature. Until that time it will be unlawful for those residing outside the state to fish in Minnesota waters.

TED COX SHOWING
GOOD WITH HAMMER

St. Paul, April 15.—Ted Cox, captain of the Gopher football team last fall will very likely be sent to the meet at Ohio State.

Cox has displayed remarkable improvement in the hammer throw and has boosted his distance up over 15 feet.

Last year Ted was hurling the hammer around the 122-foot mark. This year he has improved at nearly every practice, getting more distance and last night he made three throws of over 135 feet, the best being 138.

Coach Finger is very enthusiastic over Ted's showing and hopes that the improvement will continue. If Ted gets up around the 145 mark he may be able to win the big ten event.

There will be a great array of hammer throwers at the Ohio State meet, as that event is not on at the Kansas relay, the hammer throw being out of schedule in the Missouri Valley conference.

New York, April 15.—Under the direction of Charles Crowley, the Columbia football squad had its first workout today. It was the first session of a period of six weeks' training.

MARYLAND BOASTS
OF LEAGUE STARSBABE RUTH, "LEFTY" GROVES,
JACK BENTLEY FEW OF
CELEBRITIES

Baltimore, April 15.—Headed by Babe Ruth, "Lefty" Groves, Jack Bentley, Ed Rommel and Johnny Neun, Maryland challenges the 47 remaining states in the union to match its major league team.

Nineteen men from Maryland have trod the sands of the big time and will head south with the majors.

Ruth heads the list of them all. Educated in Maryland and playing with the Orioles, he is without a doubt a full-fledged Marylander and an able leader for the clan. "Lefty" Groves probably comes next, due likely to the price that Connie Mack is reported to have paid to get this youngster on his hurling staff. It is reported that Mack paid \$100,000 for this southpaw.

Jack Bentley, one of John McGraw's main supports on the mound for the New York Giants, is also from Maryland, having also, from the ranks of Jack Dunn's Orioles.

Ed Rommel, ranked as one of the best hurlers in the American league, makes a good partner to Groves. Ed is with Mack and has been of invaluable aid to this erstwhile leader of the athletics. Ed at present is one of the best bowlers that Baltimore can claim as its own.

Johnny Neun, until a short time ago the property of St. Paul in the American association, who has been sold to the Detroit Tigers, is also a Baltimore boy.

Jimmy Fox, George Klemmick and Bill Lamar, an outfielder, all the property of the Athletics, are Marylanders.

Others include Howard Baldwin, bought from Newark by the Giants for a reported price of \$13,000; Allen Russell of the Senators, Victor Keen, Cubs; Joe Lantz and Johnny Schelberg of Queenstown, two youngsters; Robert T. Knode, a first baseman with the Cleveland Indians. Fewster of the Indians; Flowers, St. Louis Cardinals; Lewis Malone, Yankees; John Cortazza, White Sox, and Ray Gardner of the Pittsburgh Pirates.

For a manager the team could probably pick Frank Baker, ex-big leaguer, who is now managing Easton in the Short League. And for an umpire, Doll Derr, once in the National league, and for many years in the International, would do good.

Thrifty Immigrants

Before the World war the average receipts in Italy from immigrants in the United States was \$13,000,000. In 1924 the average receipts in Italy of American funds sent by the immigrants in the United States was \$16,000,000. This increase is in the face of immigration restrictions set up by the United States which is holding down the number of new arrivals.

Job for Police

Early in the morning a woman telephoned for the Reading (Pa.) police to come to her house, and upon the arrival of the officers in a car, she requested them to compel her son to take his cough medicine, which the lad had refused to do. The police declined jurisdiction.

It is reported that Mack paid \$100,000 for this southpaw.

Jack Bentley, one of John McGraw's main supports on the mound for the New York Giants, is also from Maryland, having also, from the ranks of Jack Dunn's Orioles.

Ed Rommel, ranked as one of the best hurlers in the American league, makes a good partner to Groves. Ed is with Mack and has been of invaluable aid to this erstwhile leader of the athletics. Ed at present is one of the best bowlers that Baltimore can claim as its own.

Johnny Neun, until a short time ago the property of St. Paul in the American association, who has been sold to the Detroit Tigers, is also a Baltimore boy.

Jimmy Fox, George Klemmick and Bill Lamar, an outfielder, all the property of the Athletics, are Marylanders.

Others include Howard Baldwin, bought from Newark by the Giants for a reported price of \$13,000; Allen Russell of the Senators, Victor Keen, Cubs; Joe Lantz and Johnny Schelberg of Queenstown, two youngsters; Robert T. Knobe, a first baseman with the Cleveland Indians; Fewster of the Indians; Flowers, St. Louis Cardinals; Lewis Malone, Yankees; John Cortazzo, White Sox, and Ray Gardner of the Pittsburgh Pirates.

For a manager the team could probably pick Frank Baker, ex-big leaguer, who is now managing Easton in the Short League. And for an umpire, Doll Derr, once in the National league, and for many years in the International, would do good.

Thrifty Immigrants

Before the World war the average receipts in Italy from immigrants in the United States was \$13,000,000. In 1924 the average receipts in Italy of American funds sent by the immigrants in the United States was \$16,000,000. This increase is in the face of immigration restrictions set up by the United States which is holding down the number of new arrivals.

Job for Police

Early in the morning a woman telephoned for the Reading (Pa.) police to come to her house, and upon the arrival of the officers in a car, she requested them to compel her son to take his cough medicine, which the lad had refused to do. The police declined jurisdiction.
